Professional Summary

Senior Computer Science and Mathematics student at Helwan University with a strong passion for front-end development and UI/UX design. Skilled in building modern, responsive websites using React.js, Tailwind CSS, and Figma. Experienced in working on real-world projects in collaborative, agile teams. Previously contributed to community-driven platforms and academic projects, including e-commerce, real estate, and educational apps. Eager to join the Web Committee at GDC to contribute to impactful projects, grow technical and creative skills, and collaborate with a passionate tech community.

Education

Activities/Volunteer Work

2025 – present	<b>Student Activities Family SAF</b> <i>Front-End &amp; UI/UX Developer</i> Collaborated with a team to design and implement user-friendly interfaces for <b>Scholarship &amp; Learning Hub</b> .
2023 – 2024	<b>Helwan University Events</b> <i>Event Management</i>

## Projects

---

### SAF Scholarship & Learning Hub [↗](#)

*Figma, UI/UX Design*

Designed a clean, accessible, and responsive user interface for an educational hub platform as part of a volunteer team.

### Real Estate Web App [↗](#)

*Responsive Full-Stack Platform (React.js, Supabase, Clerk, Ant Design)*

- A responsive full-stack platform developed as the final project for the DEPI scholarship with my team. Built with **React.js**, **Supabase**, **Clerk**, and **Ant Design**, it features dual-role user functionality, property management, wishlist, secure authentication, modern UI/UX, and user feedback via Email.js.

### Web Dictionary App [↗](#)

*React.js Dictionary Application (React js)*

- Implemented a dictionary app using the Dictionary API to provide word search, phonetics, and audio features for users.

### Clicon-Website [↗](#)

*E-commerce Platform (HTML, CSS, JS, Supabase)*

- With my team, developed a comprehensive e-commerce site featuring a wishlist, shopping cart, and an admin panel for managing products. Utilized technologies like HTML, CSS, JavaScript, and Supabase for backend and authentication

### CimaLand [↗](#)

*UI/UX Design (Figma)*

Designed a responsive movie website focused on providing optimal user experience and clean layouts.

**Tools:** Figma
