ABDULRAHMAN ASHRAF

JR PENETRATION TESTING

Giza-Egypt | linkedin.com/in/abdulrahman-ashraf-0xvalorian | boda1a2a3a4a@gmail.com | +201228983618

SUMMARY

Aspiring Penetration Tester Student with a solid foundation in identifying and exploiting security vulnerabilities, leveraging advanced tools and methodologies to assess and mitigate risks. Currently pursuing academic studies while actively gaining practical experience in network security, ethical hacking, and threat analysis. Known for a meticulous and results-driven approach to problem-solving, with a strong passion for uncovering vulnerabilities and enhancing cybersecurity defenses. Eager to contribute to organizational security through continuous learning, technical expertise, and a commitment to excellence in the field of penetration testing.

EXPERIENCES

Future Interns   **April 2025 – May 2025**
 Internship Trainee

DSC Cairo University   **April 2025 - Present**
 Cyber Security Instructor

Huawei   **June 2024 - July 2024**
 Trainee in HCIA-Security Course

PROJECTS

Web Application Vulnerability Report – testphp.vulnweb.com
Performed a full penetration test including recon, exploitation (SQLi, XSS), and mitigation advice. Documented vulnerabilities with proof of concept and remediation strategies.

Advanced Network Scanner Tool
This tool is designed to perform comprehensive network scans, providing detailed information about connected devices through ARP Scan, Ping Scan, and Advanced OS Detection with Nmap

SKILLS

Penetration Testing & VAPT
Vulnerability Assessment and Exploitation, Ethical Hacking, Attack Simulations, Injection Testing

Web & Network Security
Web Application Security, Network Protocols, Threat Detection, Incident Response, System Hardening

Security Tools
Burp Suite, Nmap, Metasploit, Nikto, Wireshark, OWASP ZAP

Programming & Databases
Python, C++, Java, MySQL, Object-Oriented Programming (OOP), Scripting Automation

Systems & Administration
Linux System Administration, Security Configuration, Command-line Proficiency

Soft Skills
Strong Analytical Thinking, Excellent Communication, Team Collaboration, Report Writing

CERTIFICATIONS

Mastering OOP using C++
MaharaTech / ITIMooca

CEH(v12) Certified Ethical Hacking
LearnKartS / Coursera

HCIA security Certificate
Huawei

EJPT v1 certificate
Netriders.Academy

Web Hacker's Toolbox Certificate
Packt / Coursera

Red Hat Certified System Administrator (RHCSA)
MaharaTech / ITIMooca

Specialization in CyberSecurity
Edraak

CyberSecurity for Beginners
MaharaTech / ITIMooca

IT-System Administration
MaharaTech / ITIMooca

Intermediate to SQL Certificate
DataCamp

EDUCATION

Bachelor of Computer Science (Expected Graduation: Jan 2027)
Faculty of Computers and Artificial Intelligence, Cairo University

High School Diploma (Graduated: Jan 2023)
Imbaba Military Secondary School

LANGUAGES

Arabic - Native
English - Advanced
